## How Far we've Come

Edge started back in 2021 with 23 members, and the country just emerging from a pandemic. Within 6 months of launching, we reached 100 members! We have maintained full capacity.

We now run sessions every day of the week Monday - Friday in multiple venues across Street & Glastonbury. Is it hard work? Yes! But we love it!

During this period, we have fundraised for and bought 6 roll mats - equivalent to a full size competition floor. Along with additional equipment such as blocks, wedges, safety matting etc - everything that is essential for a thriving competitive club.

## London Festival of Gymnastics

The London Festival of Gymnastics is one of the biggest Gymnastics Festivals in the Country. Clubs come from all around the UK to showcase their gymnastics skills and perform their routine to an audience of hundreds. Edge Acrobatic Gymnastics were among the many teams that displayed in October and their Wild West routine was a real crowd pleaser! The festival was a huge success, a fantastic weekend was had by all, a great opportunity to showcase their skills as well as spend time together as a team. The squad will be showcasing the London Routine again at the Edge Christmas Extravaganza.

Thank you to our coaches and volunteers who give up their spare time for the children on a weekly basis. Without them and the sacrifices they make the club would not be where it is today.

### What is a CIC?

Edge Acrobatic Gymnastics is a CIC - a Community Interest Club, which means that we exist purely for the benefit of the community. Any money we make gets poured back into the club and used to further the club, buy equipment and continue to create opportunities through sport for all our members.
